

MERYEM MIRGHANY

SI & Digital Transformation | Functional Analysis | Data & BI | ITSM

+212 632 592 233 | mery.mirghany@gmail.com | Portfolio | LinkedIn | Casablanca, Morocco

PROFILE

MIAGE-track Software Engineer (Software Engineering & Networks) with hands-on experience in **SI implementation, business process automation and data governance** in enterprise environments. Digitalized an end-to-end HR payroll process covering **30+ organizational units** at Deloitte, and built **PowerGLPI** an analytics solution connected directly to the **GLPI ITSM platform**. Full-stack profile bridging **functional analysis and technical delivery**: from AS-IS/TO-BE mapping to production deployment. Certified in **ITIL v4, ServiceNow ITSM** and **Power BI**.

PROFESSIONAL EXPERIENCE

Deloitte Extended Services

Feb. 2026 – Present

PFE Intern — SI/Data - Social Management Control

Casablanca

- Faced with a **100% manual** payroll review process covering **30+ organizational units**, conducted full **AS-IS analysis**: business flow mapping, internal control gap identification, and functional requirements gathering with CDGS, HR and executive teams
- Designed **TO-BE architecture** and authored detailed **functional specifications** for an automated payroll engine (bonuses, salary increases, variables) - delivered as a Python/Django SI solution with **instant calculations** vs. manual processing
- Implemented structured **data governance: RBAC** for 3 distinct profiles (HR, CDGS, Direction), **full audit trail** (operation logging), local deployment enforcing **financial data confidentiality** requirements
- Delivered **3 dedicated Power BI workspaces** (DAX, Power Query) with real-time HR KPIs and payroll visibility per stakeholder profile
- Managed delivery in **Agile Scrum** on Jira: ticket tracking, progress reporting, IT/HR/Direction coordination through to production release

Groupe Auto Hall

Jul. 2025 – Aug. 2025

Data Engineering Intern — PowerGLPI / ITSM Reporting

Casablanca

- Audited existing IT reporting process on the **GLPI ITSM platform**: identified data reliability risks, manual redundancies and control gaps - formalized requirements and authored **functional specs**
- Designed and delivered **PowerGLPI**: automated **ETL pipeline** (Python/Pandas) connected to live GLPI data + **Power BI** reporting layer (DAX, Power Query) - **90% reduction in processing time, 100% of manual entries eliminated**
- Gained operational command of **ITSM processes** (incident, ticket, asset management) through direct immersion in the GLPI ecosystem; full **Agile Scrum** delivery on Jira: sprints, UAT, production release

Haut Commissariat au Plan (HCP)

Aug. 2024 – Sep. 2024

Data Analyst — National Census 2024

Casablanca

- Collected and validated **large-scale demographic datasets** (1,000+ residents) applying strict **data governance and quality rules** (completeness, consistency, uniqueness)

PERSONAL PROJECT

CareerMatch AI: End-to-end platform — secure data ingestion, ETL, **ML recommendation model**, REST API with **access controls and traceability**, integrated **Power BI** reporting. *Python (FastAPI, scikit-learn), PostgreSQL, Docker*

EDUCATION

Software Engineering & Networks — MIAGE track

2021 – 2026

EMSI — École Marocaine des Sciences de l'Ingénieur

Casablanca

Baccalauréat — Physical Sciences, With Honors

2021

Groupe Scolaire Lahlou

Casablanca

SKILLS

Functional Analysis	AS-IS/TO-BE mapping, functional specs, SI configuration, business processes, mappings, UAT
ITSM & Governance	GLPI, RBAC, audit trail, data quality, ITIL v4, ServiceNow (certified)
BI & Reporting	Power BI (DAX, Power Query, RLS), advanced SQL, KPI dashboards
Data & Development	Python (Django, Pandas, FastAPI), ETL, data modelling, REST APIs, PostgreSQL, Snowflake
Cloud & Infra	Azure, GCP, Docker, Git, CI/CD, Linux
Project Delivery	Agile/Scrum, Jira, Confluence, cross-functional coordination, stakeholder reporting

CERTIFICATIONS

Advanced ITSM with ServiceNow: Optimizing IT Operations • ITIL v4 Foundation • Microsoft Power BI Data Analyst

IBM Agile Development and Scrum • Google Business Intelligence • Microsoft Business Analysis Fundamentals • IBM Data Engineering • Oracle Cloud Infrastructure DevOps

LANGUAGES

Arabic (Native) • French (Fluent) • English (Fluent)
